

National Institute of Personnel Management Coimbatore Chapter

Activity Report 2021-2022

The activity report for the year 2021-22 is detailed below. This year started with renewed energy focused to give impactful programs for the development of HR professionals and academicians. Though the difficulty of running programs on the virtual mode was felt, we were able to give good value additions to our members by way of organising well thought through programs we have conducted during the year. Focused actions were taken to improve on Student membership and programs for the student community. Life membership additions were taken up in full swing making use of the subscription discount announced by the National office.
